

Living organ donors are heroes who save thousands of lives every year.

The American Society of Transplantation's LIVING DONOR CIRCLE OF EXCELLENCE recognizes companies that provide salary support to their living donor employees while they recover from surgery.

Find out how your company can enable heroes by adopting a Human Resources policy that supports donor leave.

Learn more at LivingDonorCircle.com

Thank you to our current Circle of Excellence members for supporting both their employees and living donation.

Special thanks to our Founding Partner, UnitedHealth Group, and to our Strategic Partners, Canadian Society of Transplantation, National Kidney Foundation, and Kidney Foundation of Canada
